

Scientific seminars research group “Análisis Geográfico Multiescalar del Cambio Global (IEGD-CSIC)”

- Day: 12 April 2018
- Time: 11:30
- Place: CCHS meeting-Room 3E - Enrique Fuentes
- Themes/speakers
 - Advances in the modeling of a tree-grass ecosystem based on the use of radiative transfer models. **José Ramón Melendo. Pre-doc researcher. SpecLab-CSIC**
 - Monitoring Grassland Canopy Architecture Using “NIR Shoulder” Spectral Indices and Sensitivity Analysis of PROSAIL Model Parameters. **Hafiz Ali Imran. Pre-doc researcher. Fondazione Edmund Mach (Italy)**
 - Evaluation and sensitivity analysis of a Two-Source Energy Balance Model for simulating ET in a Tree-Grass Ecosystem. **Vicente Burchard Levine. Pre-doc researcher. SpecLab-CSIC**
